

MODERN ESSAY (S4 2012, Final exam)

Answer both A and 0.1

- A. Rewrite the following sentences in the form of a well built paragraph (observe all appropriate mechanics of writing including punctuation, coherence, transitional expressions, etc.). Select the most suitable topic sentence and delete all irrelevant material. You are allowed to modify the structure of the material but not the content.

FORMULA ONE RACING

- h - A race can balance from a win to a loss because of the performance of the team in a single pit stop (pit stop : when cars stop for tire change and refueling).
- u - The one-car-one-man formula turns out to cover a whole team of highly qualified staff and technicians involving mechanics, engineers, manager, doctor, computer specialists, etc.
- ~~h~~ - Like a jet, the Formula One race car costs hundreds thousand dollars, has wings for aerodynamics, has cockpit instead of regular housing, operates more like a jet, generates even G force (which is specific to fighter jets (G force : effect of speed and gravity on blood circulation of the pilot))
- x - Among all sport events, Formula One racing is the most expensive and technologically the most advanced.
- o - Steve Mcween and Paul Newman are fanatics of Formula One racing.
- o - The future of the Formula One racing is now jeopardized because of recent laws forbidding cigarette commercial ads on racing cars.
- f - The Formula One race car has the appearance of a car but the technology of a jet
- c - Formula One racing is a short lived event (lasting only few hours), but its preparation takes weeks, months even.

- B. Rewrite the following references bibliographically. Observe all relevant rules and provide proper punctuation
